

Welcome Speech

By CK Ramakant

Ladies and Gentleman

It gives me great pleasure to Invite u all for this press meet where a formal announcement of Merger between Infotrack Solutions Pte limited, an Singapore based company and Cert Group of Companies to form a new company called CERT Infotrack Telematics.

This has been Golden day for Infotrack Solutions, which has started operations in Singapore just THREE years back. The company was incorporated on 18th Feb 2005 with TWO staff with a vision of providing “**Location Intelligence Solutions**”

Within this short span , we have made significant progress and made our presence felt in more than 12 countries spanning across Asia Pacific and Middle East region, with our product and solutions. We have developed high technology software intelligence products and built a strategic IP for the company.

With the emergence of Cert Infotrack alliance, we would be growing multifold and enter in to unexplored regions and markets with improved, qualitative and valuable product and services . With the Singapore branded product and strong support from the Middle East presence with a vast reach to resources, we are sure we will be one of the renown companies in the field of Telematics in the coming years.

With this introduction, I would take this opportunity to welcome

Mr. Tat , Deputy chairman of SBF , who has gracefully accepted our invitation and present as our honoured guest

I welcome Mr. Brian Colbourne , who is COO of the Cert Group of companies and also new CEO of Cert Infotrack Telematics , who has arrived from Abu Dhabi representing cert group of companies.

I welcome Mr Ajoy Khanderia , who is chairman of Infotrack Solutions whose support to the management team has been instrumental in the Infotrack growth as well as forging this alliance with Cert group of companies.

I would also welcome our friends from the press media, Partners , Customers, suppliers and dear staff who are all present here inspite of the short notice.

Thank you
